Filtering for Gold

Filter Down to the Nuggets You Want

Filtering

Dynamic Filter

User's Choice

Search by Many Fields

Use a Throttle

Angular Filters

User Types a Filter

```
<input data-ng-model="vm.search">
```

```
<div data-ng-repeat="s in vm.speakers | filter:vm.search">
```

Only Matching Speakers are Presented

Variations of Filtering

- Angular Filters
- Custom Filters
- Throttled Filters
- Angular Routing to Filter
